

TASO Member's Portal Access Instructions

1. Go to www.taso.org
2. Click on **MEMBERS LOG IN**.
3. At the Log In page, enter your TASO ID # as your User code and enter your Password (if you logged in before). If you have never accessed your Member's Portal to set up your password, enter TASO2002 as your Password. Then, once you've accessed your Member's Portal, you should change your Password to something you can remember. [I would suggest using the same Password as for your ARBITER account.]
4. If you've accessed your Member's Portal before and have forgotten your Password, click on the "**Locked Out?**" link at the bottom of your Sign In page, which takes you to a Locked Out page, where you will click on the "**I forgot my password**" link. This brings up an email addressed to the state TASO secretary (Annette Stager), who will send you your password by email reply.
5. If you've forgotten your TASO ID #, you can find this in your ARBITER account at www.arbitersports.com, where it is located in your Account>Information section as your "Official Number" or you can also find it in the "Misc Fields" of your account page.
